VALUES, COMMITMENT & EXPERIENCE

FIRM OVERVIEW

CORE PRACTICE AREAS

TEAM

Values, commitment & experience

In Across Legal we are dedicated to our profession. We work in highly motivated teams, dealing with a constantly changing legal world. It is not just our work; it is our calling.

We are committed to the development and success of our clients. Our aim is to assist them in their decision making, supporting them in dealing with the difficulties and problems that arise on a day to day basis.

Across Legal is a dynamic firm with an international outlook. Each member of the team has extensive knowledge and proven experience in providing legal advice to national and international companies as well as individuals.

Firm Overview

Across Legal provides legal advice to companies in all areas of law (commercial, civil, industrial and intellectual property, litigation, insolvency, etc).

Our clients are the focus of our activity. We strive to maintain at all times, a positive attitude and we aim to provide solutions to the legal and business challenges our clients face. The experience of our team allows us to provide an overview and innovative approach to any situation with legal implications that could affect our clients. This means going beyond the mere application of the law, it is understanding our clients' needs, to provide the best legal approach and solution to each business matter.

Our network of external partners is there to provide whatever is required by our clients to offer high quality advice and service. In Across Legal we are committed to results and clients growth.

Across Legal work is rigorous and strives for excellence.

Core practice areas

Across Legal is a law firm that offers integrated and complete advice to the client. We offer general guidance together with specialist advice tailored to the clients specific legal needs.

International Law

Across Legal represents national and international clients in matters involving any international component. With our experience and expertise in international transactions, together with close and regular cooperation with international firms, we are used to coordinating operations and disputes in a variety of jurisdictions. Across Legal's lawyers are capable to provide multilingual advice in English, Russian, French and Italian as well as in Spanish and Catalan.

Our main areas of international expertise are:

- Mergers and acquisitions. Joint ventures.
- Agency contracts, distribution and international sale of goods.
- Refinancing and corporate reorganizations
- Company formation, supporting the incorporation of holding companies, subsidiaries and branches abroad.
- International civil litigation.
- Advice for foreigners to acquire real estate in Spain.

Commercial & Corporate Law

Across Legal represents a wide variety of companies in all aspects of commercial law. We strive to understand the business of our customers to provide appropriate solutions and, where applicable, continuing advice.

Our extensive experience in various sectors, industries and business contexts enables us to provide professional and innovative solutions.

Our main areas of expertise within the corporate environment are:

- Mergers and acquisitions, corporate restructurings
- Joint ventures, partnership agreements.
- Social Responsibility of directors and officers (D&O)
- Commercial Contracts
- Refinancing and corporate reorganizations
- Creation of new businesses and share capital increases
- Company restructuring or insolvency
- Partnership dissolution and disputes

Litigation Law

Our experience includes the representation of our clients before the Spanish Courts of all regional jurisdictions both at the first instance and on appeal, as well as before various arbitration tribunals. Also, in situations of economic crisis and credit restrictions, for both companies and individuals, we work closely with our clients to find the best approach and solution to their difficulties.

Our main areas of action in the litigation field are:

- Debt collection
- Claims related to construction defects and general real estate development
- Claims related to corporate and commercial law as well as conflicts between partners
- Mortgage arrears and repossessions
- Enforcement of judgements (national and international)

Core practice areas

- Criminal Procedure specifically focused on economic and white collar crime (fraud)
- Landlord and tenant disputes
- Claims against governmental bodies (Administrative Law)
- Contractual disputes
- Real estate disputes to include boundaries, possession and disputes with neighbours
